The New York World

Thrice-a-Week Edition.

Read wherever the English Language is Spoken.

The Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. Time is the test of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every State and Territory of the Union, and wherever there are people who can read our mother tongue.

This paper for the coming winter and the year 1903, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.

The subscriber, for only one dollar a year, gets three papers every week and more news and general reading than most great dailies can furnish at five or six times the price.

The Thrice-a-Week World is also entirely fair in political news. Partisan bias is never allowed to effect its news columns, and Democrats and Republicans alike can obtain in its pages truthful accounts of all the great political campaigns.

In addition to all the news, the Thrice-a-Week World furnishes the best serial fiction, elaborate market reports and other features of interest.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and the Clarksburg Telegram together one year for \$2.15 cents.

The regular subscription price of the two papers is \$2.50.

Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of a good digestant like Kodol will relieve you at once. Your stomach is simply too weak to digest what you eat. That's all indigestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the body is strengthened by wholesome food. Digesting is unnecessary. Kodol digests any kind of good food. Strengthens and invigorates. Kodol makes

Bad Taste in the Mouth

When you get up in the morning with a coated tongue and a bad taste in the mouth, you may or may not be seriously ill, but if there is any disease going, your system is just right to catch it.

We know what you think—first you are half persuaded to try Vinol, and then you say to yourself: "That's the same story all the medicines tell; I've heard it before."

But Vinol is not like other medicines. If it were, we shouldn't be talking about it in any special way.

If you will regulate your bowels with Vinolax and take Vinol to improve your digestion and assimilation of food, these troubles, with the headache, "liver complaint," neuralgia, rheumatic pains, and nerve troubles will disappear as by magic.

We pay back the money if it doesn't help you.
